GoldKing.portal.pics.docx

Matt,

I have requested that a Planning TO be issued to start on this. Here is some information below about materials that will be supplied by the owner, and I am getting some onsite check also. The photos are also interesting.

Steve

Try the attached.

San Juan Corp will provide:

Steel portal rings sufficient for the length of the new portal (10 feet diameter)

Palleted, bagged concrete mix for portal ring support foundation, delivered Gladstone.

We are attempting to source two railroad flatcars for permanent bridge material and will place if we get them.

We will grade the road from the County rod to Minnehaha

For San Juan Corp.,

Todd C. Hennis, Pres.
